

ALABAMA

University of Alabama at Birmingham

Department of Oral and Maxillofacial Surgery SDB 419 1919 7th Avenue South
Birmingham, AL 35294-0007
Director/Contact: Dr. Patrick J. Louis
Phone: (205) 934-5334
Fax: (205) 975-6671
E-mail: plouis@uab.edu

Description/Requirements:

The University of Alabama at Birmingham Department of Oral and Maxillofacial Surgery offers a one to four week externship program based primarily in the University of Alabama at Birmingham Oral and Maxillofacial Center in Birmingham, Alabama.

The objectives of the externship are to:

- 1) Provide the dental student with an interest in OMS residency and understanding of the broad scope of the specialty.
- 2) Provide the dental student experience in office-based dentoalveolar procedures.
- 3) Provide the dental student experience with hospital protocols.

Students selected for the externship may request one to four weeks of training. The student will be expected to participate on morning and evening rounds, attend courses and seminars for the residents, perform supervised patient care in the School of Dentistry clinic, assist in the care of hospital patients on the floors and in the operating rooms, and assist with trauma patients in the emergency department. Students will also be assigned a topic which they will give a short presentation to the faculty and residents.

The University of Alabama at Birmingham Oral and Maxillofacial surgery program is fully accredited by the American Dental Association. We accept 3 residents per year to our integrated MD-Certificate program. Facilities at UAB in which we currently provide care include University Hospital, the School of Dentistry, the Kirklin Hospital, Eye Foundation Hospital and Cooper Green County Hospital. We have 5 full-time faculty and numerous part-time faculty.

Interested students should send;

- 1) a curriculum vitae or resume.
- 2) letter recommending the student for the externship from a full-time faculty member or the Chair of Oral and Maxillofacial Surgery at the student's school.
- 3) a copy of the student's malpractice insurance (dental students are generally covered by their particular school's malpractice insurance, if this is the case, it must be indicated in the recommendation letter)
- 4) a dental school transcript, and
- 5) the results of Part 1 of the National Dental Boards (may be a photocopy of the official report)

Please send this material to:

Patrick J. Louis, DDS MD
Associate Professor and Residency Program Director

Fax: (312) 996-5987
E-mail: mmiloro@uic.edu

Description/Requirements:

The Department of Oral and Maxillofacial Surgery at the University of Illinois in the city of Chicago offers an Externship Program that lasts from one to four weeks in length, for qualified junior and senior dental students in ADA accredited U.S. dental schools. The program is designed to provide interested students with exposure to the scope of practice of an oral and maxillofacial surgeon. It is an excellent opportunity for those interested in this specialty to gain experience and insight into the specialty as well as the surgical residency program. Research opportunities may be available depending upon level of interest of the student.

The Externship is an intensive rotation during which the students will participate in all Departmental activities including didactic conferences, lectures, seminars, patient care in the outpatient clinic at the University of Illinois, as well as in the operating room at the University of Illinois Medical Center. Externships are available throughout the year. The Externship application, and additional information may be found at <http://dentistry.uic.edu/depts/omfs/>. Every effort will be made to accommodate specific requests, and the application and supporting documentation should be received at least one month prior to commencement of the externship. Students are responsible for making their own housing arrangements, however, assistance may be provided by the Department and the residents, if requested.

MASSACHUSETTS

Massachusetts General Hospital

55 Fruit Street OMFS-WRN1201
Boston, MA 02114-
Director/Contact: Dr. Meredith August
Phone: (617) 726-8222
Fax: (617) 726-2814
E-mail: VWarren@partners.org

Description/Requirements:

Massachusetts General Hospital offers an externship opportunity in the Department of Oral and Maxillofacial Surgery for interested third and fourth year students who would like additional exposure to the discipline and a chance to work in our Department. Located in downtown Boston, the MGH is a large level one trauma center. Our department offers exposure to the full scope of Oral and Maxillofacial Surgery for those contemplating pursuing this career. The extern will have the opportunity to work in our outpatient unit, attend major and day surgical operating room cases, be involved in multiple didactic conference in orthognathic surgery, pathology, pediatric oral and maxillofacial surgery and head and neck oncology. Trauma management and emergency room coverage is also a component of the month. The opportunity to rotate at the Children's Hospital will afford broad exposure to Pediatric Oral and Maxillofacial Surgery. Available end of April through August.

Must be a third or fourth year dental student from a United States or Canadian dental school with a serious interest in pursuing a career in Oral and Maxillofacial Surgery.

To apply please send letter to Dr. Meredith August, Massachusetts General Hospital, Oral Surgery, WRN 1201, 55 Fruit Street, Boston, MA 02114, stating interest with 1) copy of undergraduate transcript 2) copy of dental transcript 3) board scores and 4) one letter of recommendation.

Externship Open Positions

Boston University

Department of Oral & Maxillofacial Surgery 100 E. Newton Street G-407
Boston, MA 02118-
Director/Contact: Ms. Cheryl Flynn
Phone: (617) 638-4350
Fax: (617) 638-4365
E-mail: pmehra@bu.edu

Description/Requirements:

The Department of Oral & Maxillofacial Surgery at Boston University offers a two to four week externship opportunity to qualified junior and senior dental students. The objective of the externship is to provide the dental student with an intensive exposure to the specialty beyond what is traditionally available at the usual pre-doctoral curriculum. The externs work closely with departmental faculty and residents by working in the outpatient clinics, making rounds, attending didactic conferences, lectures and seminars besides participating in operating room procedures.

Boston Medical Center, our principal teaching hospital is located in Boston's historic South End, walking distance from Downtown Boston. It is New England's busiest and largest level 1 trauma center and the extern will have ample opportunity to take night-call and work closely with the residents in the emergency rooms and operating rooms. Externs will also perform supervised dentoalveolar surgery and assist in the full scope of major oral and maxillofacial surgery during their rotation. Externs are also encouraged to give a short presentation to the faculty and residents on an appropriate and approved topic during their rotation. The extern will also have the opportunity to rotate through the Boston University School of Dental Medicine and our other off-site affiliate institutions. Lodging may be arranged on-site in the resident on-call rooms depending on availability.

Boston University Oral and Maxillofacial Surgery Residency Training Program is a 4-year program which is fully accredited by the American Dental Association. We accept 3 residents per year, and have 7 full-time faculty and numerous part-time faculty. Please visit our website at <http://dentalschool.bu.edu/departments/omfs/omfs-REextern.html> for more details.

Application Instructions:

Please forward the following documentation as one-package to:

1. Letter of intent stating your interest
2. Copy of dental school transcripts
3. Copy of National Board Scores
4. The dates of when you would like to participate in the externship
5. Dean's letter of recommendation
6. Copy of malpractice insurance stating coverage during externship

E-mail: Glenn_Reside@dentistry.unc.edu

Description/Requirements:

This is a 2-4 week rotation in the Department of Oral and Maxillofacial Surgery for third and fourth year dental students interested in additional exposure to the full scope of OMS. During the rotation, the student will observe and participate in operating room and clinical procedures under the direction of the faculty and chief resident. The extern will attend all weekly conferences. It is expected that the extern will take call with the intern. Up to two externs per month will be accepted on a space available basis.

Requirements: The student must currently be in good standing in dental school. A letter of intent with available dates should be submitted. The UNC School of Dentistry application for visiting students must be filled out. Provide the following: two letters of recommendation, transcripts from dental school, letter of recommendation from academic dean, and proof of current malpractice coverage. Prior to arrival the student must provide documentation of current (within the past 2 years) Basic Life Support Training, and documentation of current (within the past 12 months) TB testing with both date placed and date read. Upon arrival and before engaging in direct patient care each visiting student must complete the UNC HIPPA training. Externs will be responsible for arranging for their own housing, meals, and transportation.

Application instructions: Applications may be downloaded from the Department page on the UNC School of Dentistry website at [http://www.dent.unc.edu/depts/academic/oms/externship/..](http://www.dent.unc.edu/depts/academic/oms/externship/)

The OMS externship is for dental students interested in OMS. It allows you to experience what a residents life, at the first year level, would be like, and to be exposed to the types of cases encountered in a graduate OMS program. This exposure does include night call in the emergency room treating trauma patients. Dental students must have their Dean's permission to participate, and the dental school must cover the student's malpractice insurance while participating in the externship. All activities as an extern are under supervision of an attending OMS or resident.

Dallas, TX 75390-9109
Director/Contact: Dr. Edward Ellis, III
Phone: (214) 648-8963
Fax: (214) 648-7620
E-mail: Edward.Ellis@UTSouthwestern.edu

Description/Requirements:

The University of Texas Southwestern Medical Center's Division of Oral and Maxillofacial Surgery has an OMS extern program that is based out of Parkland Memorial Hospital. The experience is 2-4 weeks in duration and is open to dental students who wish to have an intense experience in clinical oral and maxillofacial surgery. It is preferred that students are in their third to fourth year of dental school so that they can be granted more clinical responsibilities.

Externs function almost like an intern by working in the clinic daily, making rounds, attending all of our conferences or seminars, scrubbing in the operating room occasionally, etc. Externs are supervised but have some independence, and work and spend long hours at the hospital.

Those dental students interested in this experience should send a written request for an application to Dr. Edward Ellis. All applications must be received by March 1st for those wishing to come in the summer months. Selections are made shortly thereafter.

Unfortunately, we cannot offer an externship to each applicant because of the many applications we receive. During the summer months, we limit the number of externs to four at a time. We will make every effort to accommodate as many as possible.

There is much less competition for externships in months other than the summer. For externships in the months of June, July, August and September, applications have to be completed by March 1.

We are not able to provide housing or malpractice insurance for the externs. If accepted, YOU MUST SHOW PROOF OF MALPRACTICE INSURANCE PRIOR TO YOUR ARRIVAL FOR THE EXTERNSHIP.

Please go to our website for the application form and other information:

VIRGINIA

Virginia Commonwealth University/Medical College of Virginia

Dept. of OMSPO Box 980566 MCV Station
Richmond, VA 23298-
Director/Contact: Dr. James A. Giglio
Phone: (804) 828-9754
Fax: (804) 827-1040
E-mail: jagiglio@cedar.vcu.edu

Description/Requirements:

The department of Oral and Maxillofacial Surgery of the VCU/MCV School of Dentistry and Hospitals offers a two week/one month hospital-based extern program in oral and maxillofacial surgery. The program is designed for those highly motivated students who plan to make application to an oral and maxillofacial surgery residency and who seek more intensive exposure to the specialty beyond what is traditionally incorporated in undergraduate dental education.

Externs perform basic dentoalveolar surgery in the out patient clinic and assist resident house staff with the more advanced clinical procedures performed by oral and maxillofacial surgery specialists. Externs are also exposed to the full scope of oral and maxillofacial surgery including spending ample time in the operating room, as well as assisting the on-call resident with emergency room and ward care procedures. Participants make daily hospital rounds and attend all resident educational seminars and conferences. In addition, the extern is exposed to the practice of pain control, including outpatient general anesthesia as well as the techniques used for both conscious and deep sedation.

At the time of application the candidate must be a matriculated third year student at an ADA accredited school of dentistry. The student must have successfully completed all third year clinical requirements and be eligible to begin the fourth year of their dental education..

Interested students should submit a completed application, official dental school transcript, and two letters of recommendation. One letter should be from the Dean of the dental school certifying the student's class rank and cumulative GPA indicating that the candidate is making satisfactory progress in meeting your school's requirements towards graduation, and that he/she will be allowed to participate in our program.

Address all inquiries and request for applications to;

Dr. James A. Giglio Dept. of Oral and Maxillofacial Surgery P.O. Box 980566 MCV Station Richmond, Virginia 23298
